Delano Critizes Labor Union

Eastern Europe.

He said that American taxpayers would have to pay the extra cost of using American ships.

"The Longshoremen's threat is not to protect the American public," he said. "It amounts to blackmail by a labor union to line its pockets with taxpayers' money," said Robert B. Delano, president of the Virginia Farm Bureau.

"It is a total farce for a union to talk about safeguarding consumers against rising food prices when soaring labor costs account for a major portion of money spent on food," Delano said.

"The real issue of the grain boycott is for the longshoremen to exert political pressure to obtain additional maritime subsidies," the Virginia farm leader said.

Delano pointed out that the ILA wants a permanent cargo preference rule requiring that American ships carry half of all grain shipments to Russia and on domestic food prices.

"Any increase in consuemr prices are not due to higher prices at the farm level," Delano stated. "Surveys have shown that increased marketing costs have pushed up retail prices, and labor costs represent the biggest share of marketing prices."

Delano pointed out that one-third of the Soviet grain shipments are required to move in American flag ships, and added that government subsidies are being paid every time a shipment is made on a U.S. ship.

"Farmers are receiving no subsidies on wheat exported this year," Delano said.

"The U.S. farmers' 1975 record crop production requires that we expand our agricultural market to avoid further decreases in farmers' income."

He stated that farmers' income has dropped 39 per cent since the start of the recession in late 1973.

Registration Requirements Cited For Voters

RICHMOND Mrs. Joan Mahan, Secretary of the State Board of Elections, Tuesday cited a requirement of the Constitution and Code of Virginia pertaining to the cancellation of the registration of any voter who has not voted at least once during four consecutive calendar years.

Specifically, Mrs. Mahan said that Section 24.1-59 of the Code of Virginia requires the general registrars, on December 31 each year, to purge from the registration books the name of any voter of the Commonwealth who has not voted once during the last four consecutive calendar years.

"If a voter has not voted in at least one election that has been held in his county or city since January 1972 his name will be removed from the registration books on Dec. 31, 1975," Mrs. Mahan said. "If this occurs, the individual would have to appear in person before the registrar and re-register."

"I urge all the qualified voters in the Commonwealth to vote on Nov. 4," Mrs. Mahan continued. "The right to vote as with all other rights, carries with it a responsibility - the obligation to cast a ballot in every election in which one is entitled to vote."

FOOTBALL CONTEST WINNERS ANNOUNCED

Winners in the fourth weekly Times-Virginian Football Contest, sponsored by local merchants, have been named for their selection of winning teams last week.

Out of a possible 17 games, there was a tie between David Bohannon and Kevin O'Brien with each picking all correct but three. In the tie breaker contest, they both arrived at identical scores for the Appomattox - Nelson game. Going to the second tie-breaker, David Bohannon won first place by getting the closest to the winning score in the VMI-Citadel game. He will receive a check for $10.00 from the Times-Virginian and Kevin O'Brien will receive a check for $5.00 for second place. No one guessed a perfect score.

Check out the page with the contest on it and send in your entry . . . you may be a winner next week. David Bohannon, by the way, won second place last week.

Would You Like To Have Homecoming Game Ball?

Would you like to have the Homecoming Game "game football" for a keepsake, to give to your favorite Raider player, or to do whatever you like with it?

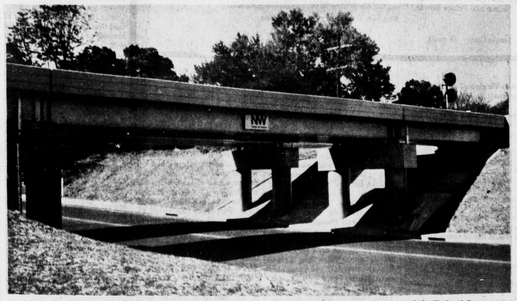
Through the cooperation of Jerry Robinson, Athletic Director at ACHS, and his staff, the "game football" has again been donated to the Appomattox County Rescue Squad to be used in an effort to raise money for their Canteen Fund which is nearing a zero balance. Money for the Canteen Fund is made by members of the rescue squad by sponsoring projects and is used for the annual installation of officers dinner, for kitchen supplies, for flowers for hospitalized members and for several other needs not financed through donations to the General Fund.

Satuday night, November 1 is Homecoming at Appomattox County High School. Kick-off is set for 7 p.m. when the undefeated Raiders of ACHS take on a strong team from, Rustburg, the Red Devils.

No later than 5:45 p.m. members of the Appomattox County Rescue Squad will be stationed at the gate and throughout the stadium offering chances on the "game ball" for a donation of 25c each or five chances for $1.00. Drawing will take place during half-time activities and the winner of the "game football" will be announced at that time. YOU DO HAVE TO BE PRESENT TO WIN! ACRS ambulances, as usual, will be on stand-by during the entire game and tickets can be obtained at any of the vehicles as well as at the gate.

Your support of this project will be greatly appreciated by members of this volunteer organization, so, bring an extra quarter or two, or an extra dollar or two with you to the game Saturday night and take a chance on winning the football. Even if you do not win, you will be helping these volunteers with their plans for their installation of officers dinner and a few other needed things that are paid through this fund. The volunteers give of their time and energies all year - so you can give a little at this time and help them out and you may be a winner in more ways than one.

Remember - drawing will take place at half-time and the name of the winner will be announced. The winner will "claim" the game ball at the end of the Homecoming Game.



A PROJECT INITIATED BY THE TOWN OF PAMPLIN to develop a new underpass, closing two dangerous crossings (one on Route #600 and one on Route #47), has been completed and was opened to traffic October 3, 1975.

Dept. of Highways, and the Federal Government, the $616,944.00 project connects Rt. #47, South of the Town of Pamplin, to Business Rt. #460 eliminating the two hazardous crossings where several persons have lost their lives in train-car crashes.

W. W. Warsing, Incorporated was contractor for the project.

Welfare Fraud Cases Heard By County Court

Judge Charles F. P. Crawley found Martha Louise Franklin guilty of withholding information from the Appomattox County Welfare Department concerning her income in violation of the State Welfare Fraud Laws. In two other cases involving alleged violations of the Federal Food Stamp program, Judge Crawley withheld a decision and ordered Mattie Fitch Jones and Gloria Jean Webb to repay the USDA for food stamps illegally received.

Commonwealth's Attorney, W. S. Kerr, said that this marked the first cases taken to court under the new statewide program to stop welfare cheating and to punish those illegally receiving public money.
